

2014

The Price Hill community is a low-income area on the west side of Cincinnati.

This project comprised construction of a 225-seat performing arts center and 130-space, two-deck parking garage as well as renovation and expansion of the Price Hill Recreation Center.

The theater brought life to a blighted, vacant lot in the heart of the neighborhood's emerging entertainment district.

The inaugural season quickly sold out.

## IMPACT

- Provided a catalyst for development of Price Hill Entertainment District
- Added parking for new restaurant, art gallery and coffee house
- 75 construction jobs, 32 permanent
