

2013

This loan financed the rehabilitation of an historic schoolhouse in Cincinnati's low-income neighborhood of Spring Grove Village.

The 100-year-old building had been recently vacated by the public school system and was in need of significant maintenance and repairs.

Today, the K-8 neighborhood school is thriving, providing a strong education as well as before- and after-school programs for neighborhood children.

## IMPACT

- Rehabilitation of a 100-year-old school building in a distressed neighborhood
- 25+ permanent jobs

\$1.5 million
