

2014

For more than 130 years, this cluster of buildings anchored the nationally registered Peeble's Corner Historic District in Cincinnati's Walnut Hills neighborhood.

Sadly, these extraordinary structures were crumbling due to years of vacancy and neglect.

With financial support from CDF, the buildings were returned to their original purpose with market-rate apartments and first-floor commercial/retail space.

## IMPACT

- 30 renovated apartments in a highly distressed neighborhood
- 6 updated commercial spaces to support job and business growth
